

Children's ministry Increase in numbers

Faithful volunteers in Children's Ministry

WeMo Kids hearing and understanding God's truth

WeMO Kids' feeling loved and important

Safety for children and volunteers working with Children's Ministry

WeMo Kids protection from illness

Creative ways to reach children through our Children's Ministry

A vision for discipleship within the Children's Ministry

Opportunities to minister to families of our children

For our Preschool children to remain free from sickness

As we teach the Bible weekly that our children would have an understanding of Jesus and His word

Grateful and so thankful for our Preschool teachers and many volunteers who are faithful

CDC sickness to go away

CDC employees to remain well as they care for the children

God's protection and blessings on our daycare

Grateful for our CDC employees and families that God continues to provide

For our Grow Group leaders to be consistent and mature followers of Jesus Christ.

For members of groups to grow in habitual daily prayer and Bible study.

For people to share their faith regularly

That conflict would be resolved biblically and quickly

That our people would rekindle a first love with our Savior.

That people of WeMo would be devoted to prayer in every setting.

That we would hear testimonies of answered prayer.

That our people would confess their sins and repent in an ongoing way.

That our people would stand their ground against the enemy (Eph. 6:10-18)

God would be glorified in our church, city, and our world.

That our church would experience revival and spiritual awakening.

That we would love God and hate sin.

That we would be desperate for God at all costs.

Pray that lost would be saved, baptized, and disciplined in our church.

That God's power would be evident in our church.

Pray for our students to be examples of discipleship as they start back in classes in January.

Pray for our students to be examples of discipleship as they start back in classes in January.

That we would know God's heart for the lost.

Pray for open doors of ministry and that we would use them.

That believers would be faithful to tell their own testimony of salvation.

That our people would be willing to sacrifice our preferences, wants, and comfort to see people come to the Lord.

That our church would never be content but always seeking to reach a lost world.

That we would love others just as Jesus loved us.

That we would be instantly obedient to whatever God asks of us.

That people would move from watching worship to participating. That they would move from watching ministry to doing ministry themselves.

That our altars would be full of praying people.

Pray for Students to live gospel-minded in their everyday culture

Pray for Students to focus on Jesus and the church in the midst of all the busyness

Pray for Students to have peace through their chaotic lives.
